FOR IMMEDIATE RELEASE

Water Street Book Store Opens in Lomira

Lomira, WI, February 1, 2020. The Friends of the Lomira Library have officially opened the Water Street Book Store in a room inside the Lomira Quad/Graphics Community Library. Stocked with donated or culled items, the mini bookstore is open during all regular library hours. The offering includes children's books, fiction and non-fiction adult and young adult books, movies, TV shows, magazines, and musical CD's. Donations from bookstore shoppers left in the collection box inside the store are used by The Friends group to fund programs and materials for the library that fall outside taxpayer funded operational expenses. (In 2019, The Friends spent in excess of \$2,600 for library support.) As items in the bookstore are "purchased," new materials from the full stock of gently-used materials re-fill the space, so offerings change frequently. The full collection of purchasable materials will be available in the large Lomira municipal conference room March 12, 13, and 14, during regular library hours. For more information, stop in at the library or email The Friends at friendsoflomiralibrary@yahoo.com.
